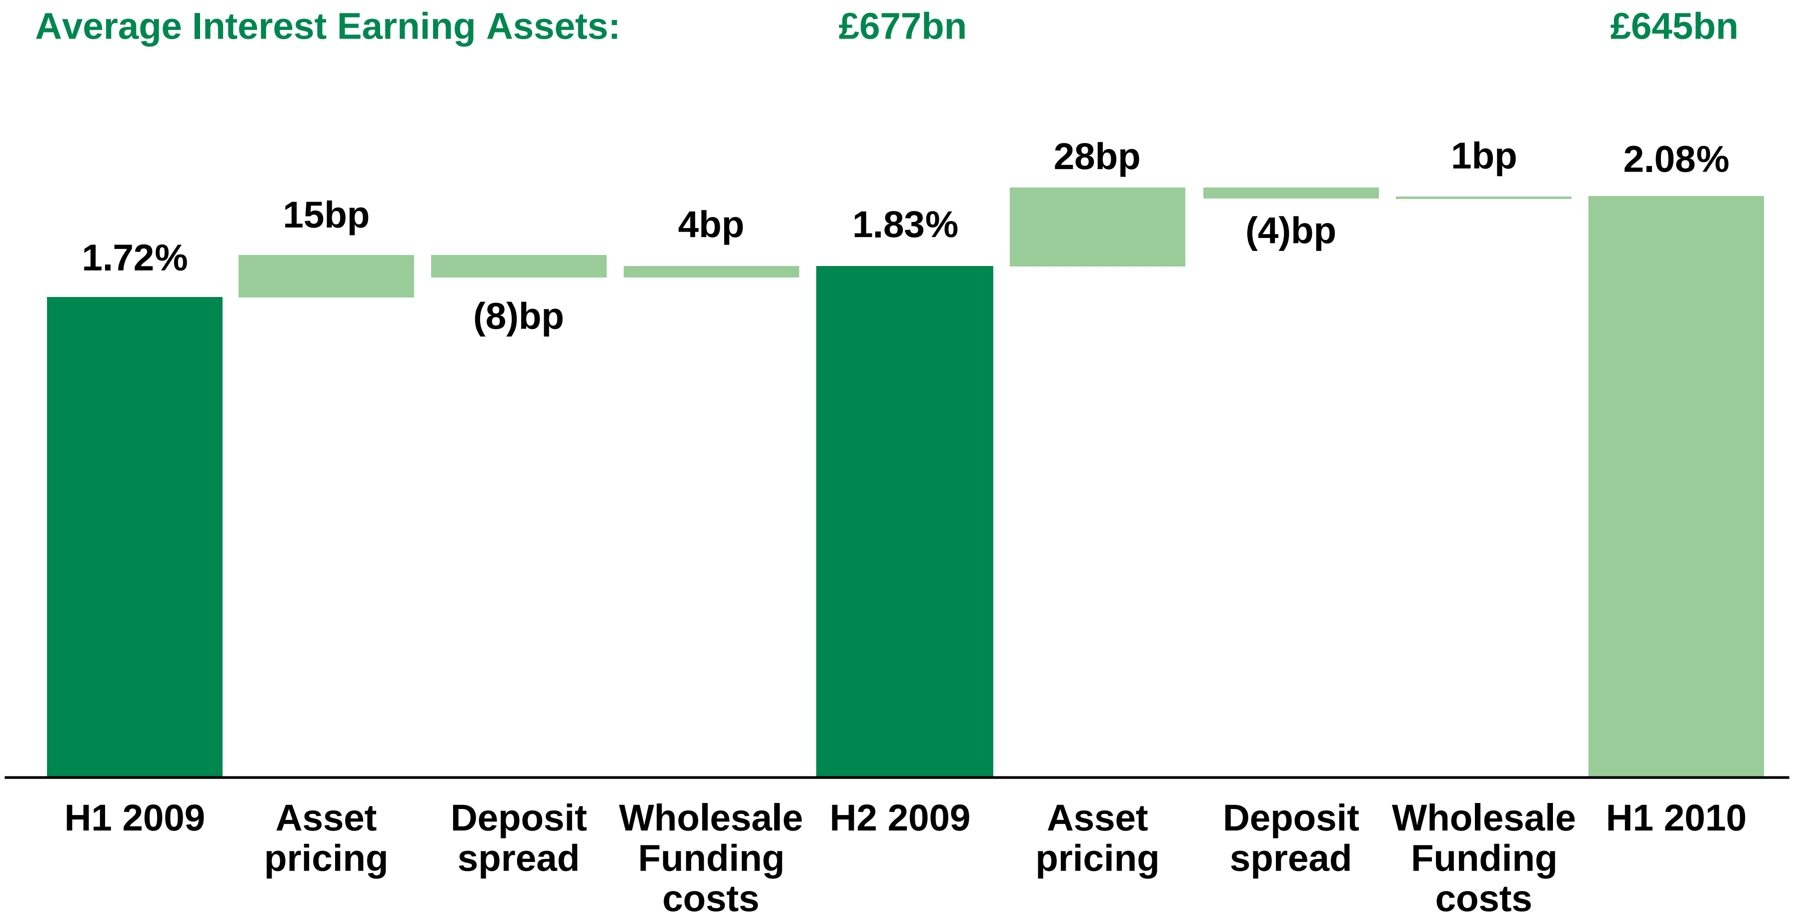
NET INTEREST MARGIN

Strong margin performance with continued asset repricing



BANKING NET INTEREST MARGIN

Over time, Group can return to generating margins over 2.5%

BASE RATE	▪ **Slow and steady rises expected from Q1 2011** ▪ **Rate reaches c.4% in 2014**
ASSET PRICING	▪ **Repricing activity continues – majority already captured** ▪ **Proportion of mortgages on SVR to increase from 45% to 50% by end 2011 with movements thereafter driven by relative pricing**
WHOLESALE FUNDING COSTS	▪ **Blended average rate rises as funding source mix and duration evolves over plan period** ▪ **Reducing reliance on short term money markets**

Margin expected to return to over 2.5% by c.2014

DRIVERS OF FUTURE INCOME

Balanced elements of income growth

LLOYDS BANKING GROUP

NET INTEREST INCOME

- NII grows over time reflecting:
  - Margin expected to reach over 2.5% by c.2014
  - AIEA falling due to asset reduction partially offset by core business growth
- Non banking NII broadly stable

OTHER OPERATING INCOME

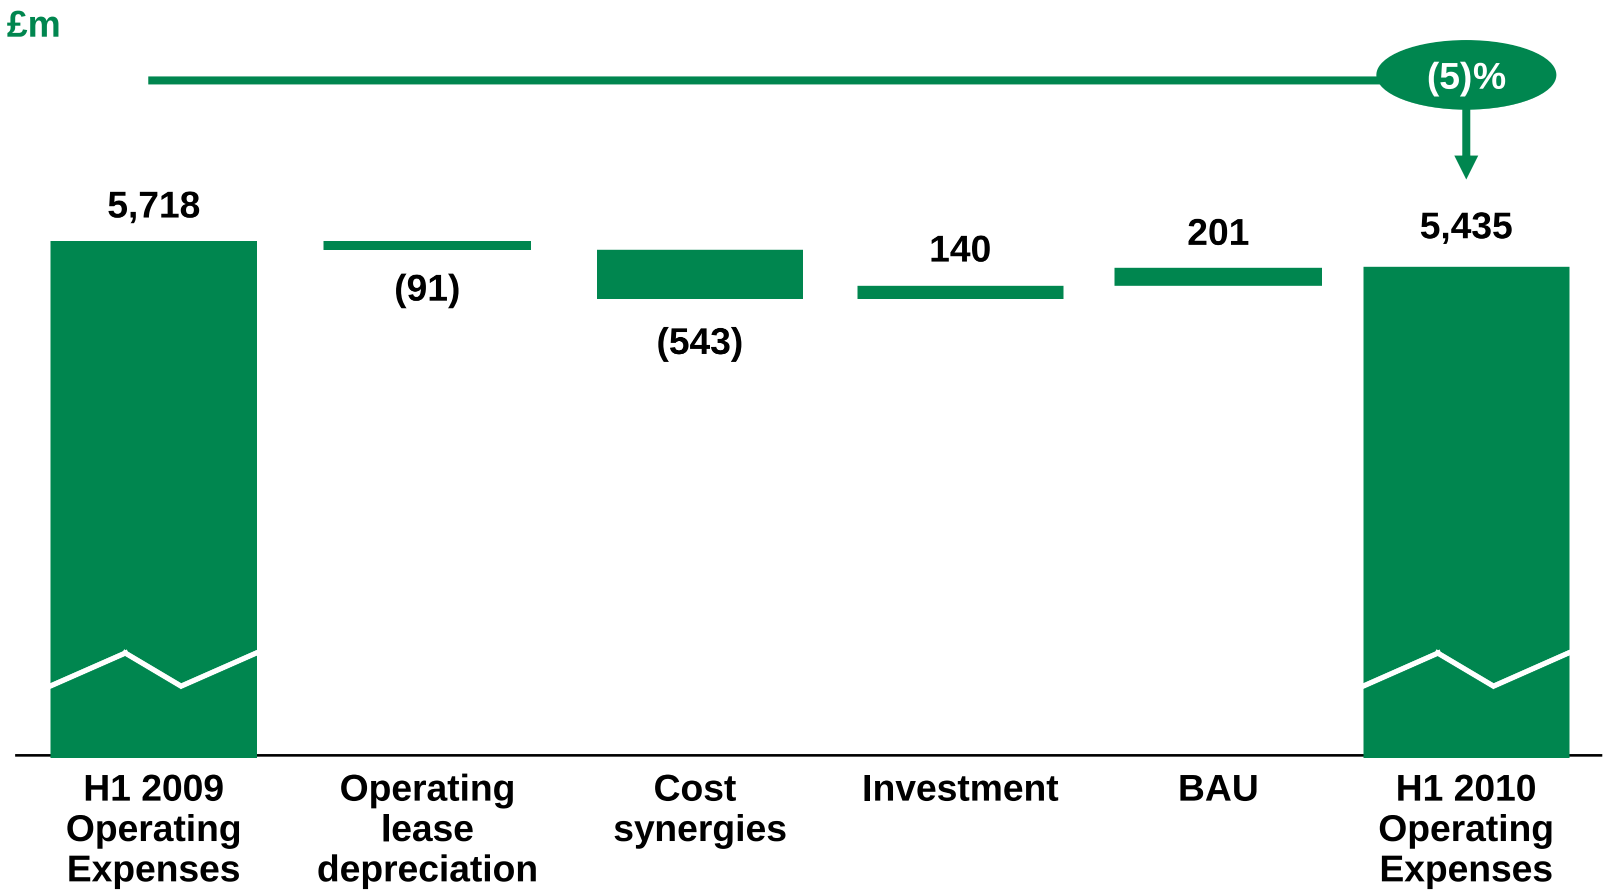
- Relationship banking strategy drives cross sell opportunities
- Sustainable profitable growth in Insurance through leveraging our distribution assets
- Some volatility expected from ECN valuations and hedge effectiveness

Overall, medium term target is 6-7% growth from core businesses, partially offset by impact of non-relationship asset reductions[(1)]

[(1)] and before the effect of the state aid driven retail business disposal

COST PERFORMANCE

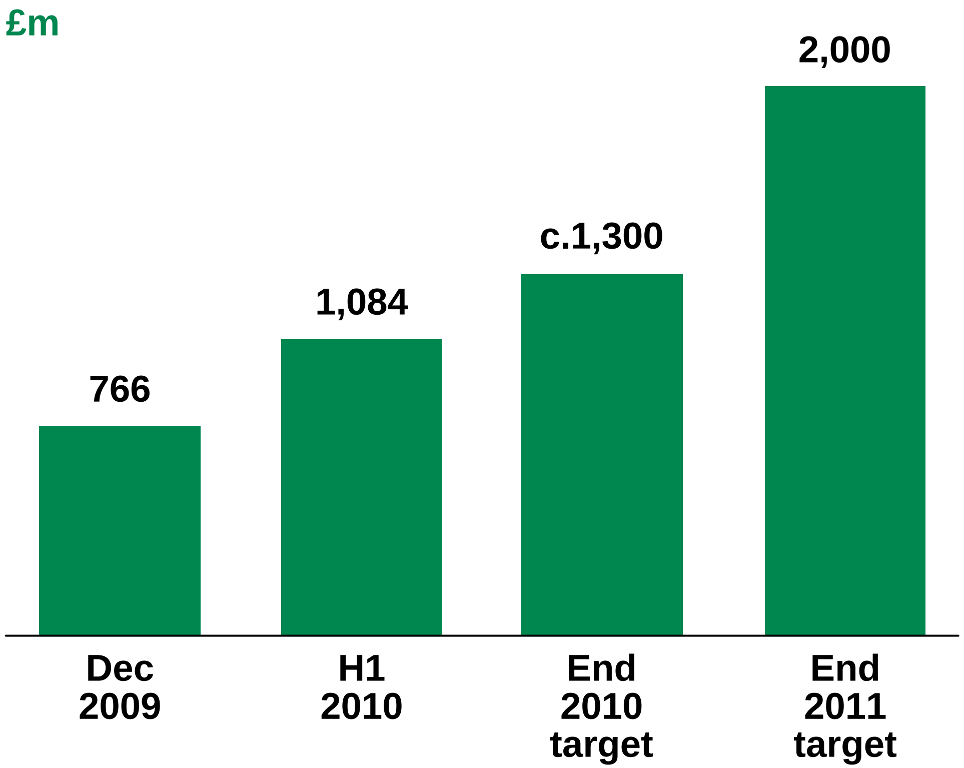
Continued strong cost control



Continued strong cost control and delivery of investment and synergy programmes

SYNERGY PROGRESSION
Strong delivery of synergy programmes

RUN RATE

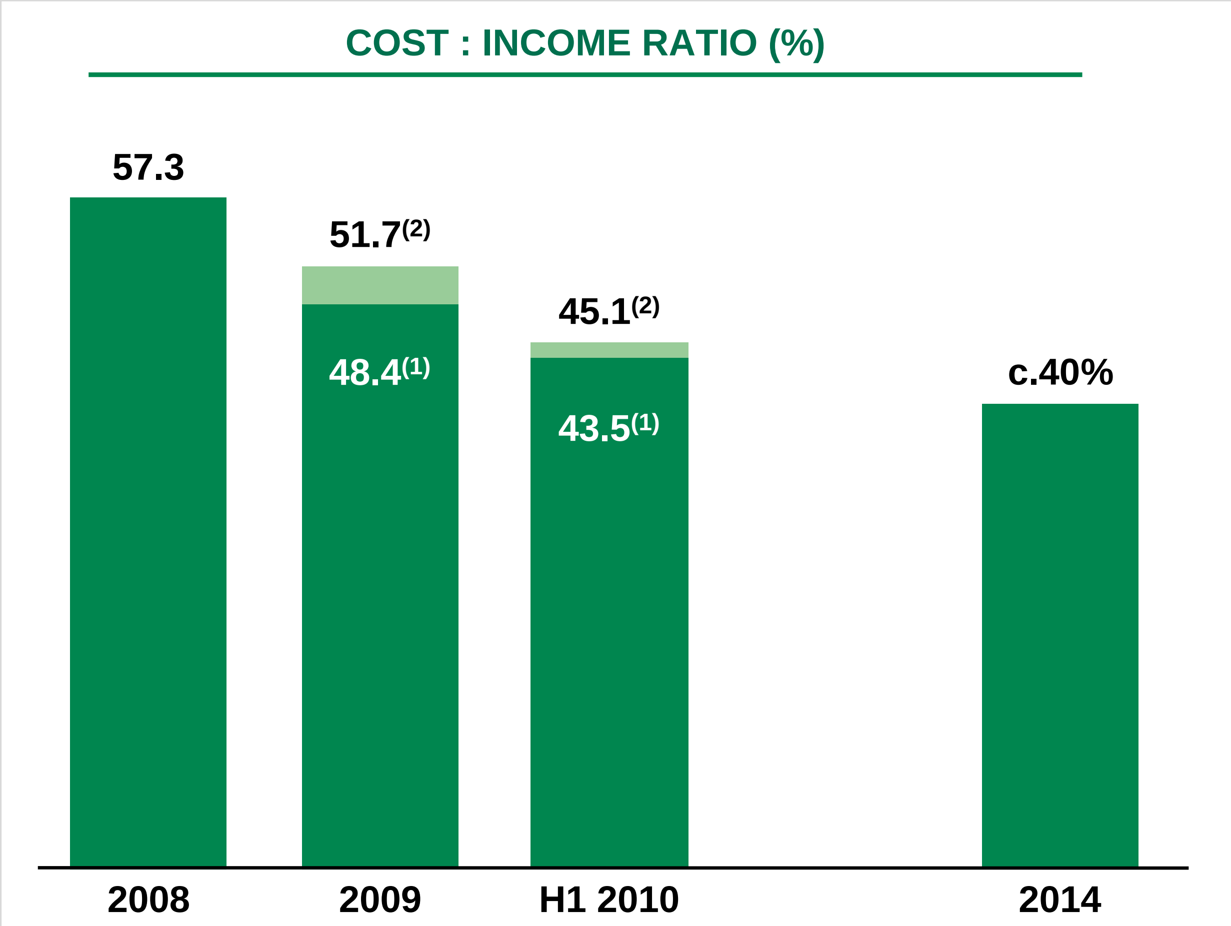


- **Performed strongly in 2010 and integration benefits on track to deliver the 2011 target**
- **Benefits so far driven by non-IT dependent initiatives**
- **£99 million procurement savings realised in the first half**

Progressing strongly towards the run rate target

TARGET COST : INCOME RATIO

Synergy and efficiency programmes allow for investment expenditure



Cost : income ratio to reduce to c.40% by 2014

Insurance Division continues to focus on value and is achieving material mitigation of potential Basel III impact

DELIVERING ……

- EARNINGS MOMENTUM
- BALANCE SHEET AND CAPITAL STRENGTH
- A STRENGTHENED FUNDING POSITION
- SUMMARY

REDUCING BALANCE SHEET

Banking balance sheet reduction continues as planned

Banking assets less cash[1]

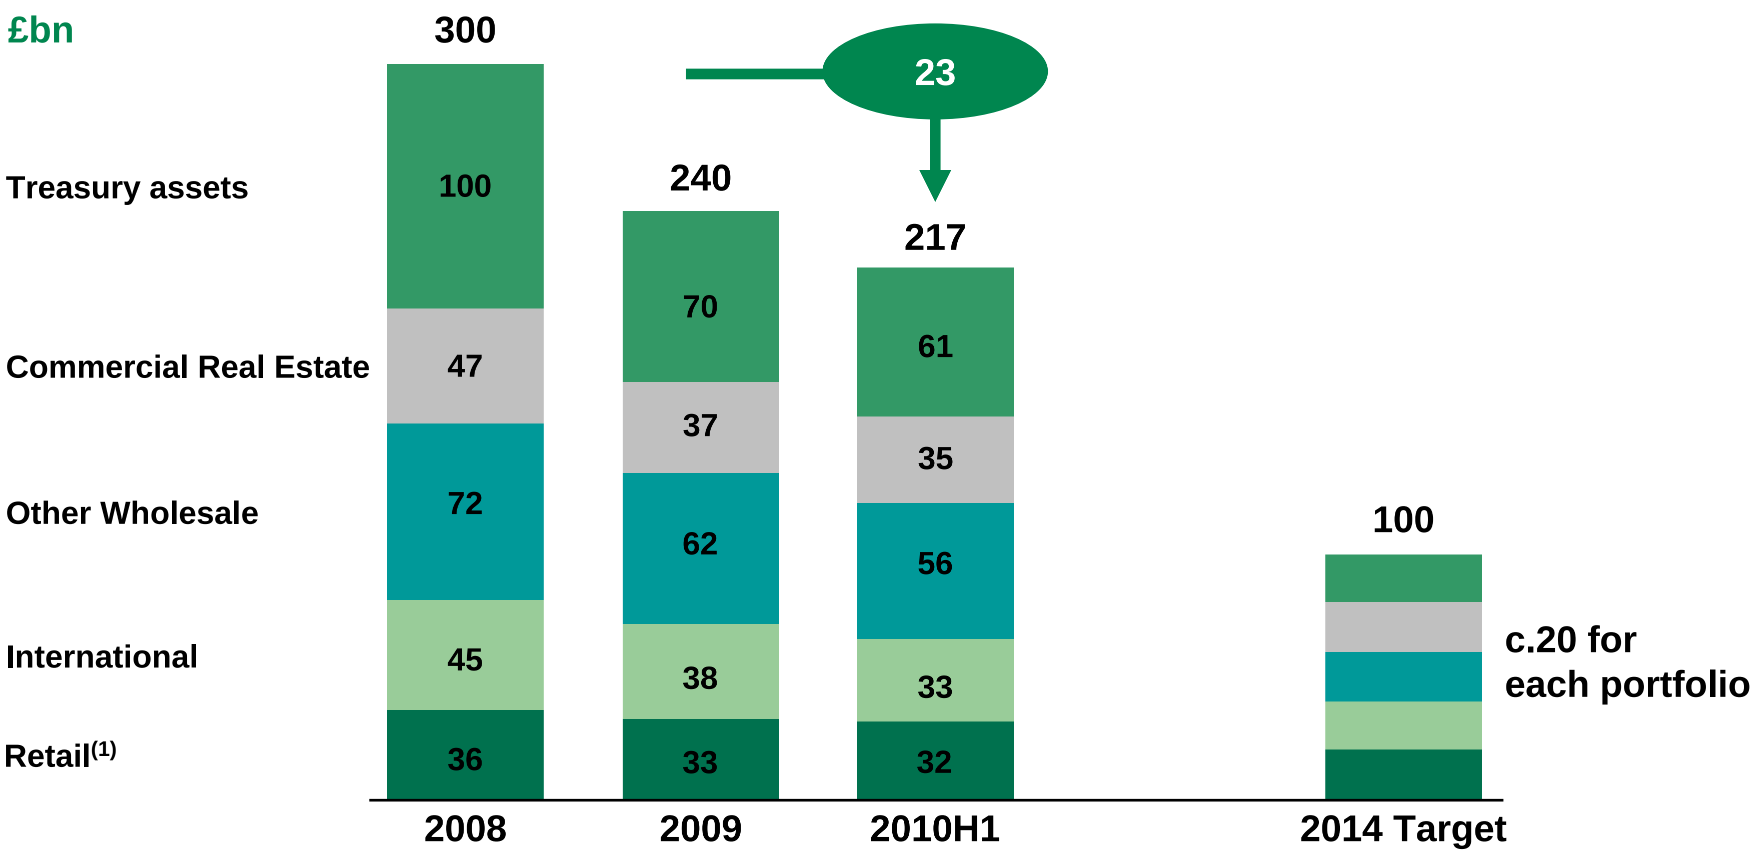
Banking balance sheet reduction from asset disposals[2], customer repayment and impairment, partially offset by continued lending to core relationship customers

[1] Loans and advances to customers plus available-for-sale financial assets [2] In line with state aid commitments

GOOD PROGRESS ON ASSET REDUCTIONS

On target to achieve £200 billion asset run-off

LLOYDS BANKING GROUP

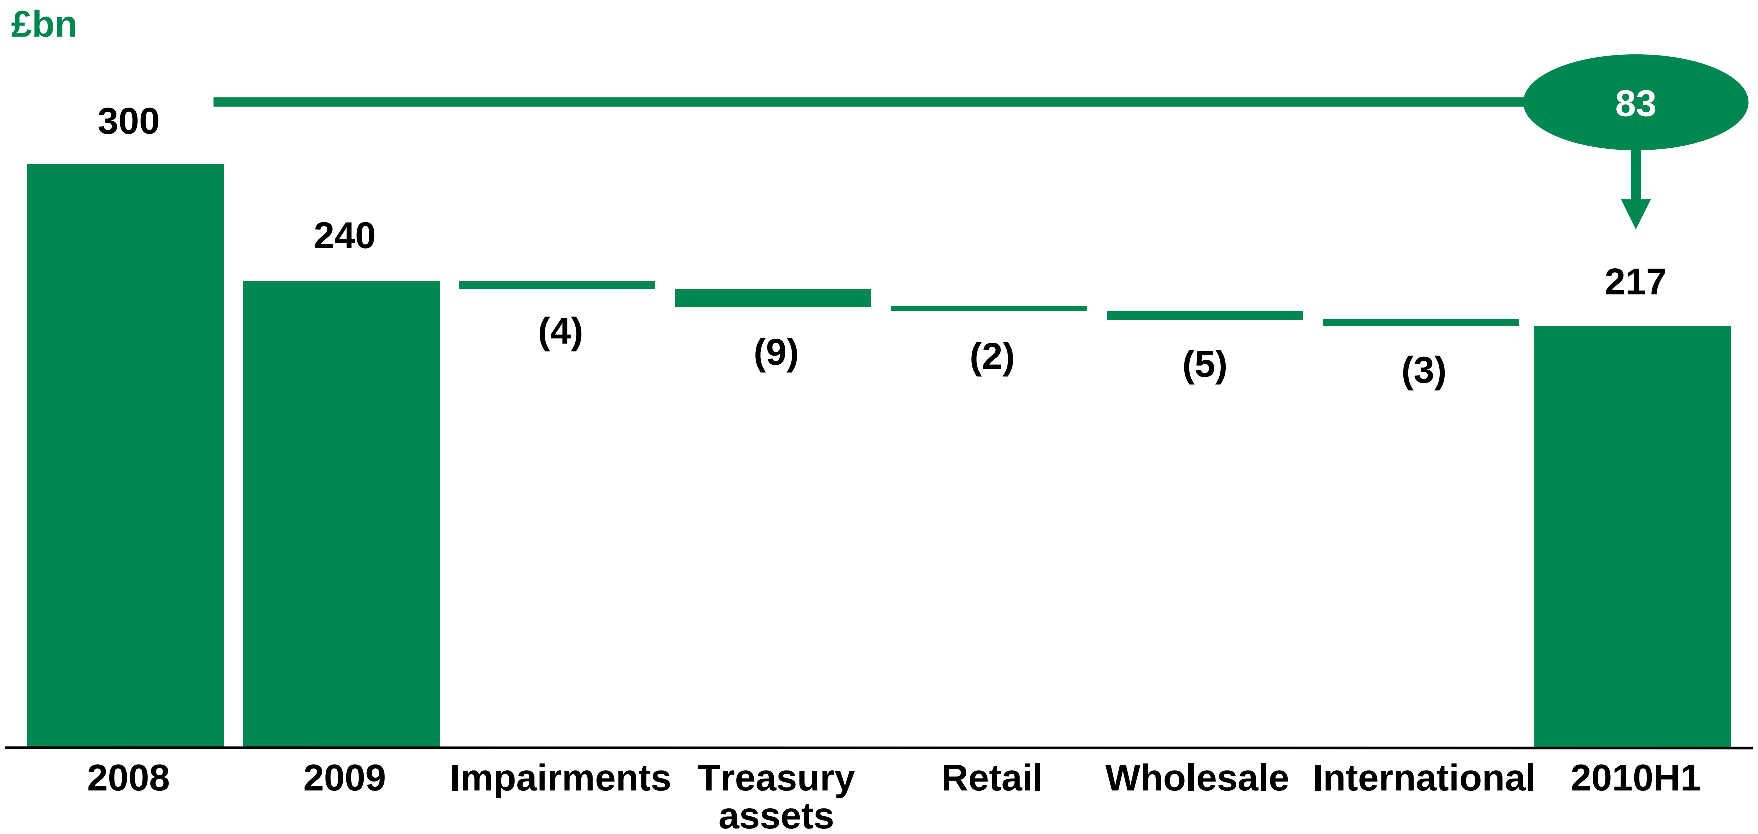


Balance sheet reduction on track

(1) Primarily made up of self cert and sub prime mortgages. Excludes mortgage assets associated with state aid retail business disposal

GOOD PROGRESS ON ASSET REDUCTIONS

£83 billion asset reduction since end 2008

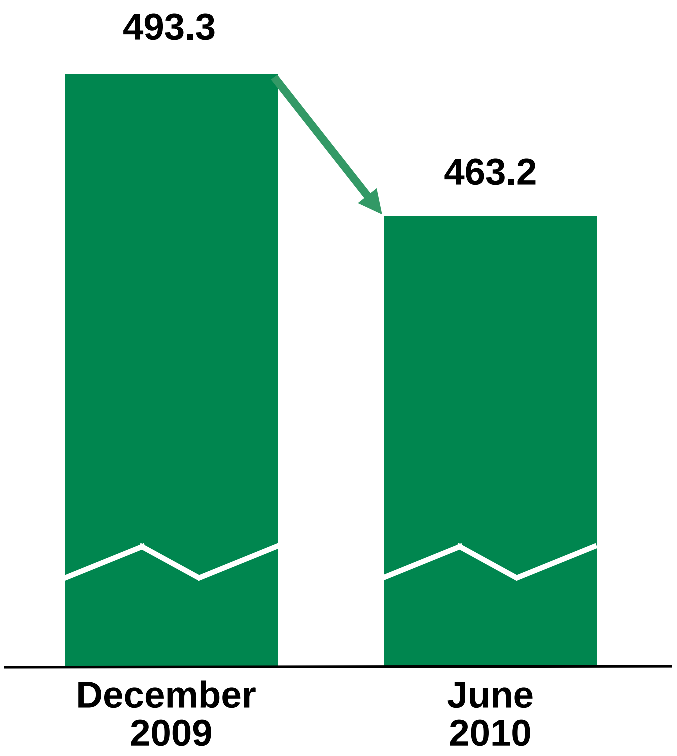


Good progress on balance sheet reduction in more difficult conditions than the second half of 2009

MAINTAINING A STRONG CAPITAL POSITION

Reducing our risk-weighted assets

RWAs (£bn)



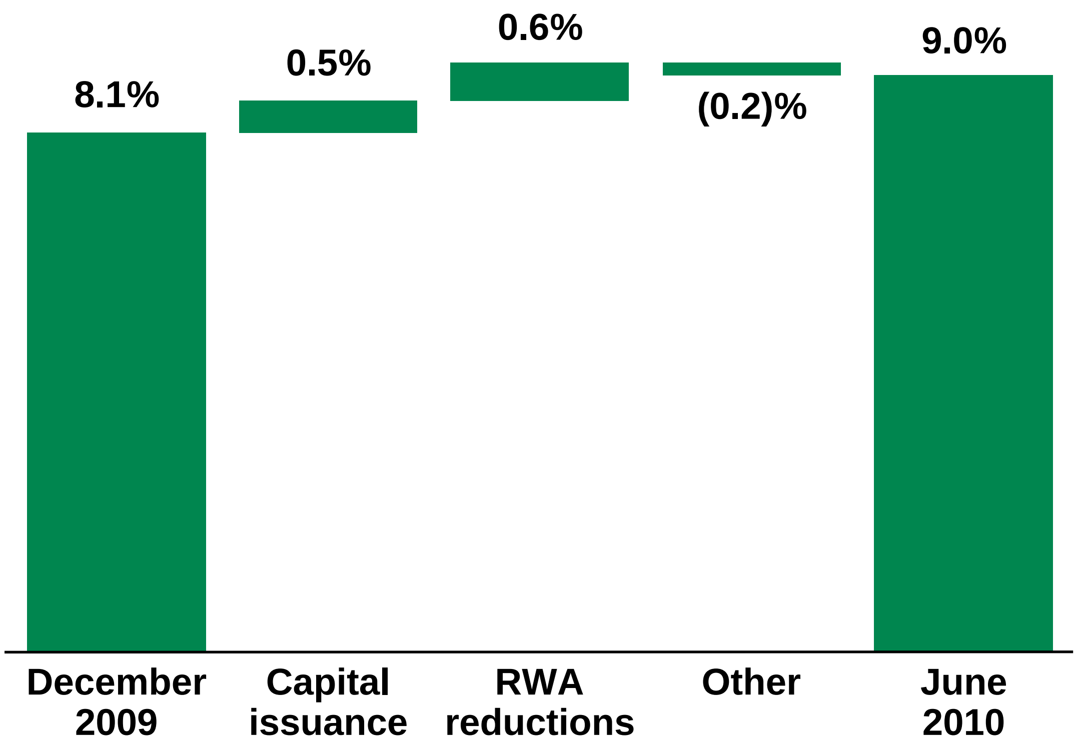
- Reduction driven by asset sales and reduction in procyclicality
- Further risk-weighted asset reductions expected over next few years:
  – Further asset reduction
  – Improving economic conditions

Gradual reduction of risk-weighted assets expected over next few years

A STRONG CAPITAL POSITION

Improving quality and quantity of capital

Core Tier 1 ratio (%)



- Tier 1 ratio: 10.3%
- Total capital ratio: 13.4%

- Core tier 1 ratio including ECNs would be 10.5%
- Improved quality of capital base including Basel III mitigation
- Return to profitability accelerates deferred tax asset consumption

UPDATE ON BASEL III

Basel Committee's consultative proposals

	February 2010	July 2010
Regulatory capital required	**Calibration and transition outstanding**	**Expected 2010 H2**
Raising the quality of the capital base		
Remove insurance capital from core tier 1 capital		- Allow up to 10% of equity - Insurance capital transferred
Deferred tax assets		- Profit accelerates DTA consumption
Other deductions from core tier 1 capital		- No change to potential procyclical effects
Restrict tier 1 capital securities		- No change
Other areas		
Risk weightings on investment banking activities		- Not material
Leverage ratio		- Deferred to 2018
Net stable funding ratio		- Deferred to 2018. Improvement to weightings

Statements that are not historical facts, including statements about the Group's or the Group's management's beliefs and expectations, are forward looking statements. By their nature, forward looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. The Group's actual future business, strategy, plans and/or results may differ materially from those expressed or implied in these forward looking statements as a result of a variety of risks, uncertainties and other factors, including, without limitation, UK domestic and global economic and business conditions; the ability to derive cost savings and other benefits, as well as the ability to integrate successfully the acquisition of HBOS; the ability to access sufficient funding to meet the Group's liquidity needs; changes to the Group's credit ratings; risks concerning borrower or counterparty credit quality; market related trends and developments; changing demographic trends; changes in customer preferences; changes to regulation, accounting standards or taxation, including changes to regulatory capital or liquidity requirements; the policies and actions of Governmental or regulatory authorities in the UK, the European Union, or jurisdictions outside the UK, including other European countries and the US; the ability to attract and retain senior management and other employees; requirements or limitations imposed on the Group as a result of HM Treasury's investment in the Group; the ability to complete satisfactorily the disposal of certain assets as part of the Group's EU State Aid obligations; the extent of any future impairment charges or write-downs caused by depressed asset valuations; exposure to regulatory scrutiny, legal proceedings or complaints, actions of competitors and other factors. Please refer to the latest Annual Report on form 20-F filed with the US Securities and Exchange Commission for a discussion of such factors together with examples of forward looking statements. The forward looking statements contained in this announcement are made as at the date of this announcement, and the Group undertakes no obligation to update any of its forward looking statements.
