BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2014

The directors present their strategic report for BOS (Shared Appreciation Mortgages) NO. 1 plc (the "Company") for the year ended 31 December 2014.

PRINCIPAL ACTIVITIES

The principal activity of the Company is to finance mortgage lending. In 1997 the Company issued £27.2m fixed rate notes (the "Notes"). The interest payable on the Notes is set at 4.20% per annum until August 2027. Thereafter, the interest rate applicable to the Notes will be 5.20% per annum until 2072 when the Notes become due. The Notes are secured on the mortgage portfolio. The capital appreciation arising on the sale of a mortgage holder's property is shared between the mortgage holder and the Company as set out in the original loan agreement. The Company pays its entire share of the appreciation to Note holders.

The activities of the Company are conducted primarily by reference to a series of transaction documents (the "Programme Documentation").

Movements in the mortgage book are disclosed in the notes to the financial statements.

BUSINESS STRUCTURE

The Company is a subsidiary undertaking of Bank of Scotland plc ("BOS") and ultimately Lloyds Banking Group plc ("LBG").

BUSINESS REVIEW AND PERFORMANCE

No new mortgages were acquired or originated by the Company in the year and no new Notes were issued.

The profit for the financial year amounted to £75,221 (2013: £117,865). Total equity as at 31 December 2014 amounted to £477,149 (2013: £651,928).

The principal asset in the Company is a mortgage portfolio which is subject to an annual impairment review. The mortgage portfolio is subject to the economic factors relating to the housing market (see "Credit Risk" below). However, these factors did not have any significant bearing on the Company's arrears levels (see note 16) and no impairment provision was deemed necessary as at 31 December 2014 or 31 December 2013.

The underlying profits are determined by a margin earned between the interest received on the mortgage portfolio and the interest paid to the Note holders.

Under International Financial Reporting Standards ("IFRSs") the mortgages and Notes are recognised initially at fair value with an appropriate effective yield adjustment recognised in the income statement. Subsequent measurement is at amortised cost with revenue being recognised using the effective interest method. The discount arising on initial recognition is being amortised over the expected life of the mortgages.

KEY PERFORMANCE INDICATORS

The key performance indicator used by management in assessing the performance of the Company is the monitoring of actual cash flows against planned cash flows on the Notes.

In order to assist the directors to mitigate key risks, there is a Board meeting held quarterly with programme managers. This meeting analyses and discusses the trends for the quarter and identifies any issues or required changes. Any such issues are then reported, further discussed and collectively agreed.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

KEY PERFORMANCE INDICATORS (CONTINUED)

The Board is responsible for assessing the risk of irregularities, where caused by fraud or error in the financial reporting and ensuring that the processes are in place for the timely identification of internal and external matters with a potential effect on financial reporting.

The Company's performance is addressed in the quarterly management accounts provided to the directors.

The Company has made all necessary payments on the Notes in accordance with the scheduled repayment dates for the year ended 31 December 2014.

RISK MANAGEMENT

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation".

The Company's financial instruments comprise a mortgage portfolio, cash and liquid resources, an embedded derivative, interest-bearing loans and borrowings and various other receivables and payables that arise directly from its operations.

It is, and has been throughout the year under review, the Company's policy that no trading in financial instruments is undertaken.

The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. These and other risks which may affect the Company's performance are detailed below. Further analysis of the risks facing the Company on its financial instruments is provided in note 17.

Credit Risk

Credit risk arises on the individual loans within the mortgage loan portfolio which are in turn secured on the underlying UK residential properties. The performance of these loans is therefore influenced by the economic background and the UK housing market. However, the maximum loan-to-value of the original advances was 75% hence the credit exposure is low.

The extent to which the Company can meet its obligations to pay interest and ultimately repay the Notes will be dependent upon the receipt of funds earned on the mortgage portfolio and the Letter of Credit issued by BOS (see "Liquidity Risk" below). To the extent that this income does not provide sufficient funds to cover the interest due on the Notes or the repayment of the Notes, the Note holders have no claim on the assets of BOS.

The terms of the Mortgage Portfolio Agreement given by BOS in respect of the mortgages require BOS to repurchase any mortgage which is found to be in breach of warranty. BOS will repurchase any mortgages that are found or held not to be valid, binding and enforceable.

Although in such an event the total value of the outstanding loan and any accrued interest will be covered by BOS, the Note holder will not receive the benefit of any future payments of appreciation amounts or partial repayment of appreciation amounts in respect of the mortgages repurchased.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

RISK MANAGEMENT (CONTINUED)

Market risk

Market risk is the risk of financial losses to the Company in the event of movements in the prices of the market in which it operates. The Company's market is the UK residential housing market.

Under the terms of the Notes the Company is obligated to pay the Note holders the return on the shared appreciation that has accrued during the life of the mortgage loan at the rate implicit in the specific mortgage loan agreement as and when repaid by the mortgage loan customer. Shared appreciation is subject to the movement in the market value of the property which is dependent upon house price inflation, as measured by the Halifax House Price Index ("HPI").

However, the Company itself is not impacted by market risk as the risk of returns on the Notes being below initial expectations lies with the Note holder and there are no guarantees within the terms of the Notes for expected increases in value.

Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at a different time.

The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of assets and liabilities are similar.

Liquidity risk

The Company has an unconditional and irrevocable 364-day revolving Letter of Credit provided by BOS. The Letter of Credit is for a maximum aggregate principal amount of £890,000 to assist the Company should it not be able to meet its obligations under the Notes. The reliance on this facility is therefore dependent upon the creditworthiness of BOS. The Company has not drawn on the Letter of Credit since inception.

Operational risk

In accordance with the Programme Documentation the Company is bound to make payments to meet third party expenses. To mitigate this risk the directors hold quarterly board meetings to review the performance of the Company and ensure that the Company is in a position to meet all necessary payments.

BOS has been appointed to act as account bank and servicer of the mortgage book on behalf of the Company. The Company also uses the Bank of New York Mellon to provide all corporate services in respect of the Notes in issue.

**BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2014**

The directors present their annual report and the audited financial statements for BOS (Shared Appreciation Mortgages) NO.1 plc (the "Company") for the year ended 31 December 2014.

DIRECTORS

The directors who served during the year and up to the date of signing the financial statements are listed on page 1.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements;

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DISCLOSURE OF INFORMATION TO AUDITORS

In accordance with Section 418 of the Companies Act 2006, in the case of each director in office at the date the report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- The director has taken all the steps that he or she ought to have taken as a director in order to make him or herself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

DIRECTORS' INDEMNITIES

Lloyds Banking Group plc has granted to the Directors of the Company a deed of indemnity through deed poll which constituted 'qualifying third party indemnity provisions' for the purposes of the Companies Act 2006. The deed was in force during the whole of the financial year and at the date of approval of the financial statements or from the date of appointment in respect of the Director who joined the Board of the Company during the financial year. The indemnity remains in force for the duration of a Director's period of office. The deed indemnifies the Directors to the maximum extent permitted by law. The Deed for existing Directors is available for inspection at the registered office of Lloyds Banking Group plc (see note 20). In addition, Lloyds Banking Group plc has in place

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)**

DIRECTORS' INDEMNITIES (CONTINUED)

appropriate Directors and Officers Liability Insurance cover which was in place throughout the financial year.

FUTURE DEVELOPMENTS

The Company's business will continue to unwind over the life of the mortgages issued as no further advances will be made. Cash is continuing to be collected. A review of the business can be found in the Strategic Report.

DIVIDENDS

The directors recommended and paid a dividend during the year ended 31 December 2014 of £250,000 (2013: £nil).

RISK MANAGEMENT

Further details on the risks facing the Company and how these risks are managed are detailed in the Strategic Report.

EMPLOYEES

The Company had no employees during the year ended 31 December 2014 or the previous year.

INDEPENDENT AUDITORS

A resolution will be proposed at the 2015 Annual General Meeting to re-appoint PricewaterhouseCoopers LLP as auditors of the Company.

STATEMENT OF GOING CONCERN

The directors are satisfied that the Company has adequate resources to continue to operate for the foreseeable future and is financially sound. For this reason, they continue to adopt the going concern basis in preparing these financial statements.

As approved by the Board of Directors and signed by order of the Board by:

**BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC**

REPORT ON THE FINANCIAL STATEMENTS

Our opinion

In our opinion, BOS (Shared Appreciation Mortgages) No.1 plc financial statements (the "financial statements"):

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its profit and cash flows for the year then ended;
- have been properly prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

What we have audited

BOS (Shared Appreciation Mortgages) No.1 plc's financial statements comprise:

- the balance sheet as at 31 December 2014;
- the statement of comprehensive income for the year then ended;
- the cash flow statement for the year then ended;
- the statement of changes in equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and IFRSs as adopted by the European Union.

In applying the financial reporting framework, the directors have made a number of subjective judgements, for example in respect of significant accounting estimates. In making such estimates, they have made assumptions and considered future events.

OPINION ON OTHER MATTER PRESCRIBED BY THE COMPANIES ACT 2006

In our opinion, the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

OTHER MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
(CONTINUED)

RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS AND THE AUDIT

Our responsibilities and those of the directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) ("ISAs (UK & Ireland)"). An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report and Financial Statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014

1. SIGNIFICANT ACCOUNTING POLICIES

BOS (Shared Appreciation Mortgages) NO. 1 plc is a public limited company domiciled and incorporated in the United Kingdom.

(a) Statement of compliance

The financial statements for the year ended 31 December 2014 have been prepared in accordance with EU adopted International Financial Reporting Standards (IFRSs) and interpretations issued by the IFRS Interpretations Committee (IFRS IC). The standards applied by the Company are those endorsed by the European Union and effective at the date the financial statements are approved by the Board. All accounting policies have been consistently applied in the financial statements.

The Company has adopted the following new and relevant IFRS pronouncement which became effective for financial years beginning on or after 1 January 2014. This has not had a material impact on these company financial statements.

- *Amendments to IAS 32 Financial Instruments: Presentation – Offsetting Financial Assets and Financial Liabilities*

The amendments to IAS 32 clarify the requirements for offsetting financial instruments and address inconsistencies identified in applying the offsetting criteria used in the standard.

The financial statements have been prepared in accordance with the Companies Act 2006 as applicable to companies using IFRSs.

The Company is reliant on funding provided by BOS which is a subsidiary of LBG. Lloyds Bank plc has provided letters of support dated 26 February 2015 stating that in its capacity as the indirect parent of BOS, it will continue to provide access to adequate liquidity and capital resources for the foreseeable future and, accordingly, the directors of the Company are satisfied that the financial statements have been prepared on a going concern basis.

The financial statements are presented in sterling which is the Company's functional and presentation currency and have been prepared on the historical cost basis (except that derivative financial instruments are stated at fair value).

(b) Interest income and interest payable

Interest receivable and similar income and interest payable and similar charges have been calculated using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or interest expense over the expected life of the financial instrument. The effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the future cash flows are estimated after considering all the contractual terms of the instrument.

(c) Taxation

Income tax recognised in the Statement of Comprehensive Income comprises both current and deferred tax. Current income tax, which is payable on taxable profits, is recognised as an expense in the period in which the profits arise.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Taxation (Continued)

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date which are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

The Company's tax charge is calculated on an IFRS basis and disclosed in accordance with IAS 12.

(d) Financial instruments

The Company's financial instruments comprise a mortgage portfolio, cash and liquid resources, an embedded derivative, interest-bearing loans and borrowings and various other receivables and payables that arise directly from its operations.

The main purpose of these financial instruments is to raise finance for the Company's operations. These financial instruments are classified in accordance with the principles of IAS 39 as described below.

(d)(i) Mortgage portfolio

The Company's mortgage portfolio comprises mortgage loans with no fixed maturity date. The individual mortgage loans terminate on the earlier of the date of sale of the property or the death of the mortgage account holder.

Under IAS 39, the mortgage portfolio is classified within "loans and receivables". The initial measurement is at fair value (excluding amounts for the shared appreciation referred to in (d)(iv) below). Subsequent measurement is at amortised cost with revenue being recognised using the effective interest method. The discount arising on initial recognition is being amortised over the expected life of the mortgages.

At each reporting period end, the Company assesses whether there is any objective evidence that mortgage loans within the portfolio are impaired. The directors do not consider that a provision for impaired assets is currently required.

(d)(ii) Cash and cash equivalents

The Company holds bank accounts with BOS, its parent undertaking. These accounts are held in the Company's name and meet the definition of cash and cash equivalents. The use of certain accounts is restricted by a detailed priority of payments set out in the Programme Documentation. As the cash can only be used to meet certain specific liabilities and is not available to be used with discretion, it is viewed as restricted cash.

These bank accounts are classified within "loans and receivables" in accordance with IAS 39 and income is being recognised using the effective interest method.

(d)(iii) Interest-bearing loans and borrowings

The Company's interest-bearing loans and borrowings comprise mortgage-backed fixed rate Notes that have been issued in the capital market.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(d) Financial instruments (continued)

(d)(iii) Interest-bearing loans and borrowings (continued)

Interest-bearing loans and borrowings are recognised initially at fair value less directly related incremental transaction costs. Subsequent to initial recognition, interest-bearing loans and borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on an effective interest basis.

(d)(iv) Embedded derivatives

Certain derivatives are embedded within other non-derivative host financial instruments to create a hybrid instrument. Where the economic characteristics and risks of the embedded derivatives are not closely related to the economic characteristics and risks of the host instrument, and where the hybrid instrument is not measured at fair value, the embedded derivative is separated from the host instrument with changes in fair value of the embedded derivative recognised in the income statement. Depending on the classification of the host instrument, the host is then measured in accordance with IAS 39.

The capital appreciation arising on the sale of a mortgage holder's property is shared between the mortgage holder and the Company as set out in the original loan agreement. The Company pays its entire share of the appreciation to the Note holders.

The economic characteristics and risks of the shared appreciation rights receivable and payable are not viewed as being closely related to those arising on the mortgages and Notes, respectively. The shared appreciation rights receivable and payable have therefore been valued separately from the mortgages and Notes using historic HPI. There is uncertainty regarding the timing of any future shared appreciation. As a borrower could sell immediately the directors consider that spot price is the best estimate of shared appreciation and therefore historic HPI is used.

The resulting fair value movements of these embedded derivatives are recorded in net fair value gains and losses on derivatives in the income statement and the embedded derivatives are shown separately on the face of the balance sheet. The host instruments are valued at amortised cost, as noted above in (d)(i) and (d)(iii).

(e) Critical accounting judgements and estimates

The preparation of the financial statements necessarily requires the exercise of judgement both in the application of accounting policies and in the selection of assumptions used in the calculation of estimates. These judgements are reviewed on an ongoing basis and are continually evaluated based on historical experience and other factors. The most significantly affected components of the financial statements and associated critical judgements are as follows:

Effective interest rate method

The effective interest rate is calculated on initial recognition of the financial asset or liability, estimating the future cash flows after considering all the contractual terms of the instrument. The calculation includes all amounts expected to be paid or received by the Company including expected early redemption fees and related penalties and premiums and discounts that are an integral part of the overall return. Direct incremental transaction costs related to the acquisition, issue or disposal of a financial instrument are also taken into account in the calculation. Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Critical accounting judgements and estimates (continued)

Effective interest rate method (continued)

cash flows for the purpose of measuring the impairment loss.

For the purpose of the effective yield calculation on the Notes, an average expected life has been calculated based on prepayment expectations for the mortgages. This is revised on a regular basis, considering actual redemption experience and actual contractual terms of Notes.

Fair value

Fair value is defined as the value at which assets, liabilities or positions could be closed out or sold in a transaction with a willing and knowledgeable counterparty.

The value of the embedded derivative has been calculated separately from the host contract using current HPI at the balance sheet date. All inputs into the valuation models are obtained from observable market data. No assumption for future HPI has been included as the directors do not consider it is possible to make a reliable estimate on this basis. As a borrower could sell immediately, spot price is deemed more appropriate to use.

There are no other derivative financial instruments.

(f) Fees and commissions

Fees and commissions receivable for the continuing servicing of loans and receivables are recognised on the basis of services provided. Other fees are recognised when receivable.

(g) Dividends

Dividends on ordinary shares are recognised in equity in the year in which they are paid.

(h) Trade and other payables

Trade and other payables are stated at cost or at amortised cost if deemed to be a financial liability.

(i) Trade and other receivables

Trade and other receivables are stated at cost or at amortised cost if deemed to be a financial asset.

(j) Capital Management

The Company manages its capital to ensure it safeguards its ability to continue as a going concern.

Adjustments in respect of prior years	-	(43,020)
	<u></u>	<u></u>
Total tax charge / (credit) for the year	<u>21,127</u>	<u>(22,404)</u>

The current tax liability of £26,621 (2013: £28,581) represents the net amount of income tax payable in respect of the current year.

The adjustment in respect of prior years relates to an amount of group relief paid for by the company but subsequently made available for £nil payment. The credit represents the reversal of the tax charge.

The Finance Act 2013, which was substantively enacted on 2 July 2013, included legislation to reduce the main rate of corporation tax from 23% to 21% with effect from 1 April 2014 and 20% with effect from 1 April 2015.

8. CASH AND CASH EQUIVALENTS

	2014 £	2013 £
Bank accounts	287,133	738,518
Bank overdraft	(210)	(1,503)
	<hr/>	<hr/>
Cash and cash equivalents per the cash flow statement	286,923	737,015
	<hr/>	<hr/>

The Company holds bank accounts with BOS. The use of the accounts is restricted by a detailed priority of payments set out in the Programme Documentation. As the cash can only be used to meet certain specific liabilities and is not available to be used with discretion, it is viewed as restricted cash. The accounts are held in the Company's name and meet the definition of cash and cash equivalents. The amounts are repayable on demand.

9. MORTGAGE PORTFOLIO

	2014 £	2013 £
At 1 January	6,871,755	7,119,486
Mortgage redemptions in the year	(374,961)	(290,706)
Amortisation of discount	42,972	42,975
	<hr/>	<hr/>
At 31 December	6,539,766	6,871,755
	<hr/>	<hr/>

The mortgage loans advanced by the Company have no fixed maturity date but would terminate on the earlier of, the date of sale of the property, or the death of the mortgage account holder. All mortgage loans are considered to be non-current as maturity cannot be reasonably determined, with the exception of an amount of £42,972 (2013: £42,975) in respect of the discount amortisation due within 12 months.

10. SHARED APPRECIATION RIGHTS RECEIVABLE / PAYABLE

The Company is contractually obliged to pay to the Note holders any amounts received from mortgage customers for the shared appreciation. A corresponding embedded derivative liability has therefore been recognised in the balance sheet.

As the shared appreciation rights receivable are intrinsically linked to the maturity of the mortgage loans which have no fixed maturity, the balance is considered to be non-current (see note 9).

	<hr/>	<hr/>
At 31 December	6,286,017	6,625,417
	<hr/>	<hr/>

The mortgage-backed fixed rate Notes are due to redeem in 2072. The interest rate payable on the Notes up to and including the interest period ending in the quarter to 31 August 2027 is 4.20% per annum. Thereafter, the interest rate payable on the Notes will be 5.20% per annum until 2072 when the Notes are due to redeem. At the end of the year the Notes, as rated by S&P, had a rating of A (2013: rating of A).

The Notes carry, in addition to interest, rights to receive certain amounts calculated by reference to the value of shared appreciation proceeds received from redeemed mortgages. The Notes are subject to mandatory part redemption from time to time based on the level of redeemed mortgages and can be redeemed in full, in certain circumstances, at the option of the Company. The Notes are secured on the mortgage portfolio, the bank accounts and certain other assets of the Company.

	<hr/>	<hr/>
1 (2013: 1) deferred share of £1	1	1
	<hr/>	<hr/>

The Company is a directly held subsidiary undertaking of BOS.

The £1 deferred share is held by Deutsche Trustee Company Limited (formerly Bankers Trustee Company Limited).

The holder of the ordinary shares is entitled to receive dividends as declared from time to time.

The deferred share carries no entitlement to any dividend or to any share in any surplus assets of the Company on a winding-up, other than the right to be repaid the amount of any paid-up share capital thereon. The right to be repaid any paid-up share capital in the deferred share shall be deferred until after all paid-up share capital has been first repaid on all other classes of issued share capital in the Company.

The deferred share carries the right to receive notice of all general meetings of the Company but does not carry the right to attend, speak or vote at a general meeting unless a resolution is to be proposed abrogating, varying or modifying any of the rights or privileges of the holder of the deferred share, or for the winding up or administration of the Company under the Insolvency Act 1986, or for the entry by the Company with any other party into a merger, reconstruction, scheme of arrangement or amalgamation of or affecting the Company, in any of which cases such holder shall have the right to attend such general meeting and shall be entitled to speak and vote. Whenever the holder of the deferred share is entitled to vote at a general meeting, such holder shall have one vote and on a poll such number of votes as is equal to 34% of the number of votes attached to all other issued shares of the Company.

**BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)**

16. MANAGEMENT OF RISK

The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. However, considerable resource is given to maintaining effective controls to manage, measure and mitigate these risks. Further detailed analysis of the risks facing the Company in relation to its financial instruments is provided below.

The Company's exposure to risk on its financial instruments and the management of such risk is largely determined at the inception of the securitisation transaction. The Company's activities and the role of each party to the transaction are clearly defined and documented.

16(a) Credit risk

Credit risk is the risk of financial loss arising from a customer's failure to settle financial obligations as they fall due.

Credit risk arises on the individual loans within the mortgage portfolio which are in turn secured on the underlying UK residential properties. The performance of these loans is therefore influenced by the economic background and the UK housing market. Mortgage loans are no longer offered by the Company but the maximum loan-to-value of the original advances was 75% and the credit risk is considered to be low.

The ability of the Company to meet its obligations to repay the Notes is dependent upon the receipt of funds earned on the mortgage portfolio and the Letter of Credit issued by BOS (see "Liquidity Risk"). To the extent that this income does not provide sufficient funds to cover the interest due on the Notes or the repayment of the Notes, the Note holders have no claim on the assets of BOS.

The terms of the Mortgage Portfolio Agreement given by BOS in respect of the mortgages require BOS to repurchase any mortgage which is found to be in breach of warranty. BOS will repurchase any mortgages that are found or held not to be valid, binding and enforceable.

Although in such an event the total value of the outstanding loan and any accrued interest will be covered by BOS, the Note holder will not receive the benefit of any future payments of appreciation amounts or partial repayment of appreciation amounts in respect of the mortgages repurchased. In terms of the shared appreciation, in accordance with the Programme Documentation, amounts received by the Company from the borrower are required to be paid over to the Note holders.

In terms of arrears management, the Company has engaged BOS as servicer of the loans in the portfolio to help reduce the risk of loss. The servicer is required to monitor repayments on the mortgage loans in accordance with its usual credit policies.

The mortgage balances are monitored as part of the LBG impairment process. At each reporting period end, the Company assesses whether there is any objective evidence that mortgage loans within the portfolio are impaired. All loans in the mortgage portfolio pay a fixed rate of interest of 5.75%.

The total value of interest arrears at 31 December 2014 was £16,260 (2013: £10,215). All accounts in the mortgage portfolio had a maximum loan-to-value of 75% and those accounts in interest arrears have a current loan-to-value ratio of less than 40% (2013: less than 40%). Credit risk is considered to be low. There are no properties in possession or bad debts within the Company (2013: nil). No impairment provision was deemed necessary at 31 December 2014 or 31 December 2013.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

16. MANAGEMENT OF RISK (CONTINUED)

16(a) Credit risk (continued)

The maximum exposure to credit risk arising on the Company's financial assets at the reporting date is disclosed in the table below.

	Note	Carrying Amount 2014 £	Maximum Exposure 2014 £	Carrying Amount 2013 £	Maximum Exposure 2013 £
Assets held at amortised cost:					
Cash and cash equivalents	8	287,133	287,133	738,518	738,518
Mortgage portfolio	9	6,539,766	7,098,414	6,871,755	7,473,375
Trade and other receivables	11	794	794	794	794
Assets held at fair value:					
Shared appreciation rights receivable	10	14,590,262	14,590,262	12,603,822	12,603,822
Total Assets		<u>21,417,955</u>	<u>21,976,603</u>	<u>20,214,889</u>	<u>20,816,509</u>

16(b) Market risk

Market risk is the risk of financial losses to the Company in the event of movements in the prices of the market in which it operates. The Company's market is the UK residential housing market.

Under the terms of the Notes the Company is obligated to pay the Note holders the return on the shared appreciation that has accrued during the life of the mortgage loan at the rate implicit in the specific mortgage loan agreement as and when repaid by the mortgage loan customer. Shared appreciation is subject to the movement in the market value of the property which is dependent upon house price inflation, as measured by the Halifax House Price Index ("HPI").

However, the Company itself is not impacted by market risk as the risk of returns on the Notes being below initial expectations lies with the Note holder and there are no guarantees within the terms of the Notes for expected increases in value.

BOS (SHARED APPRECIATION MORTGAGES) NO. 1 PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

16. MANAGEMENT OF RISK (CONTINUED)

16(c) Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at a different time.

The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of assets and liabilities are similar. Both the mortgage portfolio and the Notes issued by the Company are exposed to fair value interest rate risk as they carry fixed interest rates.

At 31 December 2014, if interest rates had been 100 basis points higher or lower with all other variables held constant, the net effect on the Company's income statement would be insignificant. All items remain unaffected by interest rate changes except for interest earned on bank accounts but a 100 basis points change would not give rise to a significant impact on bank interest.

16(d) Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they fall due or can do so only at an unacceptably high cost.

The extent to which the Company can meet its obligations to pay interest and ultimately repay the Notes will be dependent upon the receipt of funds earned on the mortgage portfolio and the Letter of Credit issued by BOS.

The Company has an unconditional and irrevocable 364-day revolving Letter of Credit provided by BOS. The Letter of Credit is for a maximum aggregate principal amount of £890,000 to assist the Company should it not be able to meet its obligations under the Notes. The reliance on this facility is therefore dependent upon the creditworthiness of BOS, which currently has a long term rating from Standard and Poor's (S&P) of A (2013: S&P long-term rating: A). The Company has not drawn on the Letter of Credit since inception.

The liquidity tables reflect the undiscounted cash payments which will fall due if the structure continues until the earliest contractual maturity date as set out in the Programme Documentation. The Note repayment profile mirrors the repayment of the mortgages, and based on current modelling assumptions, it is not anticipated that any mortgages will still be outstanding beyond the step-up date of August 2027.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

16. MANAGEMENT OF RISK (CONTINUED)

16(e) Fair values

The financial instruments below are analysed by valuation method. The different levels are defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

Financial assets and liabilities carried at fair value

	2014 £ Level 2	2013 £ Level 2
Shared appreciation rights receivable	14,590,262	12,603,822
Shared appreciation rights payable	(14,590,262)	(12,603,822)

Share appreciation rights

The shared appreciation rights receivable and shared appreciation rights payable are measured at fair value. The fair value has been calculated by discounting expected cash flows at an appropriate market rate. All significant inputs into the valuation models are obtained from observable market data. For this reason, in accordance with "IFRS 7 Financial Instruments: Disclosures", the fair value measurement is considered to be Level 2 in the Fair Value Hierarchy.

Financial assets and liabilities carried at amortised cost

The table below analyses the fair values of the financial assets and liabilities of the Company which are carried at amortised cost.

	Note	Carrying Amount 2014 £	Fair Value 2014 £	Carrying Amount 2013 £	Fair Value 2013 £
Loans and Receivables at amortised cost					
Mortgage portfolio	9	6,539,766	4,703,734	6,871,755	4,712,266

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2014 (CONTINUED)

16. MANAGEMENT OF RISK (CONTINUED)

16(e) Fair values (continued)

The fair value of the mortgage portfolio and loans and borrowings have been calculated by discounting future cash flows at an appropriate market rate and are considered to be Level 2 in the Fair Value Hierarchy in accordance with "IFRS 7 Financial Instruments: Disclosures".

Trade and other receivables and payables are recognised on an amortised cost basis that is considered to be a close approximation to fair value due to short nature of these assets and liabilities.

17. RELATED PARTIES

The Company is a subsidiary undertaking of BOS and ultimately LBG.

The Company receives bank interest from BOS on its bank deposits. BOS administers the mortgage portfolio on behalf of the Company, for which quarterly service fees are paid. A dividend of £250,000 was paid during the year (2013: £nil).

During the year the Company undertook the following transactions with companies in the LBG Group:

	LBG and subsidiary undertakings	LBG and subsidiary undertakings
	2014 £	2013 £

18. FUTURE ACCOUNTING PRONOUNCEMENTS

The following pronouncements are relevant to the Company but are not applicable for the year ended 31 December 2014 and have not been applied in preparing these financial statements. The full impact of these accounting changes is being assessed by the Company.

Pronouncement	Nature of change	IASB effective date
Amendments to IFRS 9 Financial Instruments ⁽¹⁾	<p>Replaces IAS 39 <i>Financial Instruments: Recognition and Measurement</i>.</p> <p>IFRS 9 requires financial assets to be classified into three measurement categories, fair value through profit and loss, fair value through other comprehensive income and amortised cost, on the basis of the objectives of the entity's business model for managing its financial assets and the contractual cash flow characteristics of the instruments. The requirements for derecognition are broadly unchanged from IAS 39. The standard also retains most of the IAS 39 requirements for financial liabilities except for those designated at fair value through profit or loss whereby that part of the fair value change attributable to the entity's own credit risk is recorded in other comprehensive income. The classification and measurement change is not expected to have a significant impact on the Group.</p> <p>IFRS 9 also replaces the existing IAS 39 'incurred loss' impairment approach with an expected credit loss approach. Loan commitments and financial guarantees not measured at fair value through profit or loss are also in scope. Those changes may result in an increase in the Group's balance sheet provisions for credit losses at the initial application date (1 January 2018) depending upon the composition of the Group's amortised cost financial assets, as well as the general economic conditions and the future outlook.</p> <p>The hedge accounting requirements of IFRS 9 are more closely aligned with risk management practices and follow a more principle-based approach than IAS 39. The general hedging change is not expected to have a significant impact on the Group.</p>	Annual periods beginning on or after 1 January 2018

⁽¹⁾ At the date of signing these financial statements, these pronouncements are awaiting EU endorsement.
