Frequently asked questions

Where can I find more information about the Annual General Meeting (AGM)?
Please refer to our website, www.lloydsbankinggroup.com/investors/shareholder-information/shareholder-meetings where the latest information relating to the AGM will be published. This information will also be available from the Shareholder Helpline, the number for which is set out at the bottom of this page.

What is an AGM or Annual General Meeting?
A public company is required by law to hold an annual meeting of shareholders, and to table its accounts, within six months of the end of its preceding financial year.

Why are you holding the AGM in Scotland?
The Company’s articles of association require the Company to hold its AGM in Scotland. Please note that the AGM will be held in Glasgow, as it was in 2023.

Why should I vote?
It is your right as a shareholder to vote on matters put to the AGM and every shareholder is encouraged to vote. Your opinion counts and is very important in informing the Board on shareholder views. We urge you to use this opportunity to vote.

What is a proxy and who can be one?
A proxy is someone appointed by you to attend the meeting and vote on your behalf. This can be a person of your choosing or the Chair of the meeting. A proxy does not need to be a shareholder in the Company but must attend the meeting for your votes to be cast.

Can I lodge my proxy or voting instructions online?
Yes. Please see the reverse side of the proxy or voting form for details on how to do this. We encourage shareholders to exercise this right.

How do I return the proxy or voting form?
If you have received a hard copy proxy or voting form and would like to return it by post, please use the enclosed envelope. As the related postage cost will be borne by the Company, there should be no additional local postal charges payable by you, whether you post it from the UK or overseas.

I have shares in the Lloyds Banking Group Shareholder Account (‘LBGSA’). The voting form does not provide an option to appoint a proxy, why is this?
In accordance with the terms and conditions of the LBGSA, only Equiniti Financial Services Limited can carry out your instructions in relation to these shares. You can, however, still use the online service at www.sharevote.co.uk to submit your voting instruction.

Can I receive a paper copy or a large print, audio or Braille version of the Annual Report and Accounts or AGM communications?
Yes. Please contact the Company’s registrar, Equiniti, using the contact details for Equiniti at the bottom of this page.

You can contact the Company’s registrar, Equiniti Limited, through their website at www.shareview.co.uk. This website has lots of information for shareholders, as well as contact information channels dependent on the nature of your enquiry.
If you would like a paper copy of this notice, or a version in large print, Braille or on audio CD, please contact Equiniti on +44 (0) 371 384 2990.
Please use the country code if calling from outside the UK. Lines are open from 8:30am to 5:30pm (UK time), Monday to Friday (excluding public holidays in England and Wales).
Requests may also be made in writing to Equiniti Limited, Aspect House, Spencer Road, Lancing, West Sussex, BN99 6DA.
Dear Shareholder

I am pleased to set out the arrangements for the 2024 annual general meeting (the ‘AGM’) of Lloyds Banking Group plc (‘Lloyds Banking Group’ or the ‘Company’), which will be held at the SEC Armadillo, Exhibition Way, Glasgow, G3 8YW on Thursday, 16 May 2024 at 11:00am.

The notice of AGM is set out on pages 4 to 6 of this document. The Annual Report and Accounts and Annual Review for the year ended 31 December 2023 are available to view and download on our website at www.lloydsbankinggroup.com/investors. In addition if you have elected to receive either the Annual Report and Accounts or Annual Review in hard copy, they are enclosed, together with a proxy form enabling you to exercise your voting rights.

The Board recognises the importance and value that our shareholders place on engaging directly with us at the AGM and we are pleased that we can offer shareholders the opportunity to join us in person this year. The Board is in a unique position to deliver on our purpose of Helping Britain Prosper while delivering long term, sustainable returns for our shareholders.

The Board is recommending a final dividend of 1.84 pence per ordinary share for approval at the AGM, resulting in a total dividend for 2023 of 2.78 pence per ordinary share which is up 15 per cent. on prior year and in line with the Company’s progressive and sustainable ordinary dividend policy. The Company will again be offering shareholders a choice of a share alternative to a cash dividend through its Dividend Reinvestment Plan (‘DRIP’)

In addition to the final dividend, the Board has announced that it intends to return surplus capital through an ordinary share buyback programme of up to £2 billion (the ‘Buyback Programme’), which is expected to be completed by 31 December 2024. The Buyback Programme has been initiated as the Board believes that the Company’s existing capital exceeds the amount currently required to grow the business, meet regulatory requirements and cover uncertainties. The Buyback Programme, which is subject to the continuing approval of the Prudential Regulation Authority, is being carried out by the Company using the authority to purchase its own ordinary shares approved by shareholders at the last AGM. The Company intends to cancel the shares it repurchases. The Buyback Programme is believed to be in the best interests of shareholders taken as a whole and is expected to result in an increase in earnings per ordinary share.

Your Board of Directors

Biographical details of each director seeking re-election are set out in the Appendix on pages 14 and 15 of this document.

As announced on 15 and 22 February 2024 respectively, each of Lord Lupton and Alan Dickinson will be standing down from the Board at the AGM. Lord Lupton will be standing down as Chair of Lloyds Bank Corporate Markets plc (‘LBCM’) at the same time. I would like to thank both James and Alan for their valuable contributions to the Board and wish them all the best for the future. As also announced on 22 February 2024, Nathan Bostock will be appointed to the Board and, subject to regulatory approval, as Chair of LBCM, in each case with effect from 1 August 2024. Nathan will therefore stand for election for the first time at our AGM in 2025.

The Board considers that the resolutions in the notice of AGM are in the best interests of the Company and its shareholders, and recommends unanimously that you vote in favour of them. Your directors intend to vote in favour of all the resolutions in respect of their own holdings.

Yours faithfully

Sir Robin Bulenberg

such authority to expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier, save that the Company may, before such expiry, make offers and enter into agreements which would, or might, require equity securities to be allotted and treasury shares to be sold after the authority given by this resolution has expired and the directors may allot equity securities and sell treasury shares under any such offer or agreement as if the authority had not expired.

Resolution 22. Authority to purchase ordinary shares

That the Company be and is hereby generally and unconditionally authorised for the purposes of Section 701 of the Companies Act 2006 to make market purchases (within the meaning of Section 693(4) of the Companies Act 2006) of ordinary shares of 10 pence each in the capital of the Company and where such shares are held in treasury, the Company may use them for the purposes of its employees’ share plans, provided that:

(ii) the minimum price which may be paid for each Preference Share is the nominal value of the relevant Preference Share;
(iii) the maximum price, exclusive of any expenses and any accrued dividends to the relevant settlement date, which may be paid for each Preference Share is 105 per cent. of the following:

(A) in respect of any Preference Share denominated in U.S. dollars, the Bloomberg FIT Composite bid price shown on the relevant Bloomberg page ALLQ for the relevant Preference Share (or any replacement page which displays that price) at or around 11:00am UK time on the London business day before the day on which the Company agrees or (if earlier) publicly announces an offer or invitation to buy such share;

(B) in respect of any Preference Share denominated in pounds sterling, the London Stock Exchange bid price shown on the relevant Bloomberg page ALLQ for the relevant Preference Share (or any replacement page which displays that price) at or around 11:00am UK time on the London business day before the day on which the Company agrees or (if earlier) publicly announces an offer or invitation to buy such share; or

(C) in respect of any Preference Share, where the relevant bid price is not available as described in (A) or (B) above, the highest independent bid price shown on the relevant Bloomberg page ALLQ for the relevant Preference Share (or any replacement page which displays that price) at or around 11:00am UK time on the London business day before the day on which the Company agrees or (if earlier) publicly announces an offer or invitation to buy such share;

(iv) this authority shall expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier, unless such authority is renewed before then; and

(v) the Company may make a contract to purchase the Preference Shares under this authority before its expiry which would or might be executed wholly or partly after such expiry, and may make a purchase of the Preference Shares under that contract.

Explanatory notes on resolutions

References to the ‘Group’ are to the Company, its subsidiaries and its subsidiary undertakings from time to time

Resolution 1. Report and Accounts
The directors are required to present the Company’s accounts and the reports of the directors and of the auditor for the year ended 31 December 2023 at the AGM.

Resolutions 2 to 10. The re-election of continuing directors
In accordance with the provisions of the UK Corporate Governance Code (the ‘Code’), all of the serving directors at the time of the AGM will retire and submit themselves for re-election by shareholders, save for Lord Lupton and Alan Dickinson who, as previously announced, will stand down from the Board at the AGM.

In recommending directors for re-election at the AGM, the Company’s Nomination and Governance Committee reviewed the performance of each non-executive director and their ability to continue meeting the time commitments required. It was considered that, taking into consideration individual capabilities, skills and experiences and any potential conflicts of interest that have been disclosed, the external roles held by all directors were appropriate and all directors had sufficient time to meet their board responsibilities.

All non-executive directors seeking re-election are independent in accordance with the criteria set out in the Code. The Chair was independent on appointment.

A summary of the skills, experience and contribution of each director proposed for re-election, which in the Board’s view illustrates why each director’s contribution is, and continues to be, important to the Company’s long-term sustainable success, can be found in the Appendix on pages 14 and 15 of this document.

Resolution 11. Directors’ remuneration report
The Company is required to ask shareholders to approve by ordinary resolution the directors’ remuneration report in the form set out on pages 108 to 127 of the Annual Report and Accounts for the year ended 31 December 2023.

The Company’s auditor, Deloitte LLP (‘Deloitte’), has audited those parts of the directors’ remuneration report which are required to be audited and their report is issued in the Annual Report and Accounts for the year ended 31 December 2023.

In accordance with remuneration reporting rules, the vote on Resolution 11 is an advisory vote. This means that the Company can still act according to the annual report on remuneration as proposed if the resolution is not approved.

At the 2023 AGM of the Company, the Directors’ Remuneration Policy was approved by shareholders. The Directors’ Remuneration Policy is not therefore required to be approved at this year’s AGM. It is expected that the policy will be put to shareholders again at the Company’s AGM in 2026.

Resolution 12. Dividend
Shareholders are being asked to approve a final dividend of 1.84 pence per ordinary share in respect of the financial year ended 31 December 2023.

An interim dividend for 2023 of 0.92 pence per ordinary share was paid on 12 September 2023, making a total dividend of 2.76 pence per ordinary share in respect of the financial year ended 31 December 2023. If the final dividend is approved by shareholders, it will be paid on 21 May 2024 to all ordinary shareholders whose names appear in the register of members at the close of business on 12 April 2024.

The Company will continue to offer shareholders the opportunity to use the cash dividend paid to purchase shares in the Company through its Dividend Reinvestment Plan (‘DRIP’) which is operated by Equiniti.

Shareholders who wish to join or cancel their participation in the DRIP for the final dividend must provide their instruction to Equiniti which must be received no later than 5:00pm on 29 April 2024. Shareholders can find further information about the DRIP on the Company’s website at www.lloydsbankinggroup.com/investors/shareholder-information/dividends.

Subject to shareholder approval of the final dividend, an entitlement notice in respect of the dividend paid and used to purchase shares under the DRIP will be dispatched by Equiniti to shareholders participating in the DRIP.

Resolutions 13 and 14. Auditor re-appointment and remuneration
Resolution 13 proposes the re-appointment of Deloitte as auditor of the Company, to hold office until the conclusion of the next general meeting at which accounts are laid before the Company.

Resolution 14 authorises the Audit Committee to set the auditor’s remuneration.

The Audit Committee oversees the relationship with the external auditor and considers Deloitte’s terms of engagement (including remuneration), as well as its independence and objectivity. The Audit Committee considered the effectiveness and performance of Deloitte and the audit process and concluded that it was satisfied with Deloitte’s performance.

Further details of the work carried out by the Audit Committee are set out on pages 97 to 100 of the Annual Report and Accounts for the year ended 31 December 2023.

Resolution 15. Variable component of remuneration for Material Risk Takers (formerly known as Code Staff)
At the 2014 AGM, as a consequence of changes to the Prudential Regulation Authority’s (‘PRA’) Remuneration Code (the ‘Remuneration Code’), the Company sought shareholder approval to increase the cap on variable remuneration from 100% to 200% of fixed remuneration for Code Staff, now known as ‘Material Risk Takers’ (‘MRTs’).

In October 2023, the PRA published policy statement PS9/23 – ‘Remuneration: Ratio between fixed and variable components of total remuneration (‘bonus cap’)’ which amends the Remuneration Code to effectively remove the regulatory bonus cap and give firms the flexibility to set their own appropriate ratios.

Although the bonus cap has not been a significant issue for the Group, typically impacting no more than a handful of MRTs annually, following the publication of PS9/23, the Company is taking this opportunity to ensure its governance aligns with the PRA’s latest position and proposing a resolution to ensure the Company’s Remuneration Committee has the authority to set appropriate ratios between fixed and variable remuneration for the Group’s MRTs.

The Remuneration Committee will ensure that ratios are set at levels that are appropriate in accordance with the requirements of the Code and the guidance provided by the PRA in Supervisory Statement 2/17.

For the avoidance of doubt, the variable opportunity for the Executive Directors – Charlie Nunn and William Chalmers – will remain subject to the limits set out in the Company’s 2023 Directors’ Remuneration Policy and cannot be increased as a consequence of the approval of this resolution. Any change to the maximum variable opportunity for the Executive Directors, or to the structure of their remuneration arrangements, would be the subject of a binding shareholder vote on the Directors’ Remuneration Policy.
Resolution 16. Authority for the Company and its subsidiaries to make political donations or incur political expenditure

This resolution will renew the authority to make political donations and incur political expenditure which would otherwise be prohibited under Part 14 of the Companies Act 2006.

In accordance with Group policy, the Company does not make any political donations or incur political expenditure in the UK within the ordinary meaning of those words.

However, the definitions of political donations, political parties, political organisations and political expenditure used in the Companies Act 2006 are very wide. As a result, such definitions may cover activities that form part of relationships that are an accepted part of engaging with our stakeholders, such as sponsorship, subscriptions, payment of expenses and support for bodies representing the business community in policy review or reform. The penalties for breaching the legislation, even if inadvertently, are severe.

The activities referred to above are not designed to support any political party nor to influence public support for any political party. The authority the Company is requesting is a precautionary measure to ensure that the Company can continue to support the community and put forward its views without inadvertently breaching the Companies Act 2006.

While shareholders are permitted to grant authority for up to four years, the directors will seek shareholder authority each year in accordance with best practice. If this resolution is passed, this authority will expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier.

Resolution 17. Directors’ authority to allot shares

This resolution, as in previous years, renews the directors’ authority to allot shares.

It gives the directors the flexibility within corporate governance guidelines to respond to market developments and to enable allotments to take place to finance business opportunities as they arise.

The directors consider it desirable to have this flexibility.

Paragraph (a) gives the directors the authority to issue new shares and grant rights to subscribe, or convert other securities into, shares up to a nominal value of £2,125,899,042, equivalent to one-third of the whole of the issued ordinary share capital of the Company, exclusive of treasury shares, as at the close of business on 20 March 2024, being the latest practicable date prior to publication of this notice of AGM. Paragraph (b) authorises the directors to allot shares and grant rights to subscribe for, or convert other securities into, shares in connection with a rights issue up to a further one-third. The aggregate of the amounts in paragraphs (a) and (b) of Resolution 17 represents a total of approximately two-thirds of the whole of the issued ordinary share capital of the Company, exclusive of treasury shares, as at the close of business on 20 March 2024, being the latest practicable date prior to publication of this notice of AGM. No shares are held in treasury as at the date of this document.

The authority being sought is within the guidance set out in The Investment Association’s Share Capital Management Guidelines issued in February 2023.

For the purposes of this resolution, ‘rights issue’ means an offer to:

(a) ordinary shareholders in proportion (as near as may be practicable) to their existing holdings; and

(b) people who are holders of other equity securities if this is required by the rights of those securities or, if the directors consider it necessary, as permitted by the rights of those securities, to subscribe for further securities by means of the issue of a renounceable letter (or other negotiable document) which may be traded for a period before payment for the securities is due, but subject in both cases to such exclusions or other arrangements as the directors may deem necessary or expedient in relation to treasury shares, fractional entitlements, record dates, legal, regulatory or practical problems in, or under the laws of, any territory or jurisdiction.

Resolution 18. Directors’ authority to allot shares in relation to the issue of Regulatory Capital Convertible Instruments

This resolution, as in previous years, renews the directors’ authority to allot shares or grant rights to subscribe for or convert any security into ordinary shares, in accordance with Section 551 of the Companies Act 2006, up to an aggregate nominal amount of £1,250,000,000 in connection with the issue of Regulatory Capital Convertible Instruments.

The authority sought in this resolution will be utilised as considered desirable to comply with or maintain compliance with regulatory capital requirements or targets applicable to the Group.

The Company intends to seek new authority for the issue of such Regulatory Capital Convertible Instruments on an annual basis. The amount of this authority is, in aggregate, equivalent to approximately 18.60 per cent. of the issued ordinary share capital of the Company, as at the close of business on 20 March 2024, being the latest practicable date before the publication of this notice of AGM.

No ordinary shares are held in treasury as at the date of this document.

Resolutions 18 and 21 provide the directors with the authority to issue Regulatory Capital Convertible Instruments which contain contractual debt to equity conversion features. The resolutions are not intended to provide authority for any bail-in or conversion of capital or senior debt obligations pursuant to the Banking Act 2009, as amended, or otherwise.

This resolution is separate and distinct from the authority sought in Resolution 17 which is the usual authority sought on an annual basis within the Share Capital Management Guidelines issued by The Investment Association.

If this resolution is passed, this authority will expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier.

Conditional upon the passing of Resolutions 18 and 21, the directors would not expect to make use of Resolutions 17, 19 or 20 to issue Regulatory Capital Convertible Instruments, although these resolutions may be used for other purposes and, if so used, would have the effect of diluting the interests of ordinary shareholders. Regulatory Capital Convertible Instruments include additional tier 1 (‘AT1’) instruments which convert into ordinary shares of the Company should the Company’s common equity tier 1 ratio fall below a contractually defined trigger point.

For the purpose of this resolution: ‘Regulatory Capital Convertible Instruments’ means any securities to be issued by the Company or any member of the Group, or by a company outside of the Group with the consent of the Company or a member of the Group and which are intended on issue to form all or part of a type or class of securities the terms of which are eligible to meet any Regulatory Capital Requirements and which are:
(a) convertible into or exchangeable for ordinary shares of the Company; or
(b) issued together with share warrants relating to ordinary shares of the Company, and in each case, which grant to, or require, the holder of such security and/or its nominee a right or obligation (as applicable) to subscribe for such ordinary shares following a specified event relating to an actual or prospective adverse change in the capital position or viability of the Company, any member of the Group or the Group as a whole or any other event specified in the Regulatory Capital Requirements as defined below and otherwise on such terms as may be determined by the directors of the Company or a committee thereof upon issue; and

‘Regulatory Capital Requirements’ means any applicable requirements specified by the Prudential Regulation Authority or other such authority having primary supervisory authority with respect to the Company from time to time in relation to the margin of solvency, capital resources, capital, contingent capital or buffer capital of the Company, a member of the Group or the Group taken as a whole.

Resolutions 19 and 20. Limited disapplication of pre-emption rights
If the directors wish to allot new shares and other equity securities, or sell treasury shares, for cash (other than in connection with an employee share scheme), company law requires that these shares are offered first to shareholders in proportion to their existing holdings (known as pre-emption rights).

It is usual practice for the Company to seek a renewal of this authority on an annual basis. As was the case in previous years, there are two separate resolutions permitting the disapplication of pre-emption rights in limited circumstances.

Sections (a)(i) and (b) of Resolution 19 seek shareholder approval to allot a limited number of ordinary shares or other equity securities, or sell treasury shares, for cash on a pre-emptive basis but subject to such exclusions or arrangements as the directors may deem appropriate to deal with certain legal, regulatory or practical difficulties. For example, in a pre-emptive rights issue, there may be difficulties in relation to fractional entitlements or the issue of new shares to certain shareholders, particularly those resident in certain overseas jurisdictions. The Board has no current intention of exercising such authority, but considers the authority to be appropriate in order to allow the Company to have the flexibility to finance business opportunities or to conduct a pre-emptive offer or pre-emptive rights issue having made appropriate exclusions or arrangements to address such difficulties.

In addition, there may be circumstances when the directors consider it in the best interests of the Company to allot a limited number of ordinary shares or other equity securities, or sell treasury shares for cash on a non pre-emptive basis.

The Pre-Emption Group’s Statement of Principles published in November 2022 (the ‘Pre-Emption Principles’) allows companies to seek authority for an issue of shares for cash otherwise than in connection with a pre-emptive offer to include: (i) an authority up to ten per cent. of a company’s issued share capital for use on an unrestricted basis; and (ii) an additional authority up to a further ten per cent. of a company’s issued share capital for use in connection with an acquisition or specified capital investment announced contemporaneously with the issue, or that has taken place in the twelve-month period preceding the announcement of the issue. In both cases, an additional authority of up to two per cent. may be sought for the purposes of making a follow-on offer.

Having considered the Pre-Emption Principles, the Board considers that, for the time being, it is in the best interests of the Company to seek authority to allot new shares and other equity securities for cash (or sell treasury shares) other than in connection with a pre-emptive offer, of up to five per cent. of the Company’s issued share capital on an unrestricted basis, together with an additional five per cent. of the Company’s issued share capital for use in connection with an acquisition or specified capital investment. This level of authority is in line with that sought by the Company in previous years. The Board will keep its position on this matter under review.

Accordingly, the purpose of section (a)(ii) of Resolution 19 is to authorise the directors to allot new shares and other equity securities pursuant to the allotment authority given by Resolution 17, or sell treasury shares, for cash up to a nominal value of £318,884,856, equivalent to five per cent. of the total issued ordinary share capital of the Company exclusive of treasury shares, as at the close of business on 20 March 2024, without the shares first being offered to existing shareholders in proportion to their existing holdings. As at the close of business on 20 March 2024, the Company did not hold any shares in treasury.

Additionally, the purpose of Resolution 20 is to authorise the directors to allot new shares and other equity securities pursuant to the allotment authority given by Resolution 17, or sell treasury shares, for cash up to a further nominal amount of £318,884,856, equivalent to five per cent. of the total issued ordinary share capital of the Company exclusive of treasury shares, as at the close of business on 20 March 2024, in connection with an acquisition or specified capital investment which is announced contemporaneously with the allotment, or which has taken place in the preceding twelve-month period and is disclosed in the announcement of the issue. If the authority given in Resolution 20 is used, the Company will publish details of the placing in its next Annual Report and Accounts.

The Board confirms that it intends to follow the shareholder protections contained in Part 2B of the Pre-Emption Principles.

The Board considers the authorities in Resolutions 19 and 20 to be appropriate in order to allow the Company flexibility to finance business opportunities or to conduct a pre-emptive offer or rights issue without the need to comply with the strict requirements of the statutory pre-emption provisions.

If the resolutions are passed, the authority will expire on the earlier of the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025.

For the purposes of this resolution:
(i) ‘rights issue’ has the same meaning as in the explanatory note to Resolution 17;
(ii) ‘pre-emptive offer’ means an offer of equity securities open for acceptance for a period fixed by the directors to: (a) holders (other than the Company) on the register on a record date fixed by the directors of ordinary shares in proportion to their respective holdings; and (b) other persons so entitled by virtue of the rights attaching to any other equity securities held by them, but subject in both cases to such exclusions or other arrangements as the directors may deem necessary or expedient in relation to treasury shares, fractional entitlements, record dates or legal, regulatory or practical problems in, or under the laws of, any territory or jurisdiction;
(iii) references to an allotment of equity securities shall include a sale of treasury shares; and
(iv) the nominal amount of any securities shall be taken to be, in the case of rights to subscribe for or convert any securities into shares of the Company, the nominal amount of such shares which may be allotted pursuant to such rights.
Resolution 21. Limited disapplication of pre-emption rights in relation to the issue of Regulatory Capital Convertible Instruments

This resolution proposes that, without prejudice to any existing power including that contained in Resolutions 19 and 20, the directors be empowered to allot equity securities (as defined in Section 581(1) of the Companies Act 2006) up to an aggregate nominal amount of £1,250,000,000 in relation to the issue of Regulatory Capital Convertible Instruments wholly for cash or otherwise as if Section 581 of the Companies Act 2006, to the extent applicable, did not apply to any such allotment. This is equivalent to approximately per 18.60 cent. of the issued ordinary share capital of the Company as at the close of business on 20 March 2024, being the latest practicable date before the publication of this notice of AGM.

Renewing this resolution will permit the Company to allot equity securities pursuant to any proposal to issue Regulatory Capital Convertible Instruments and, by virtue of such disapplication, without the need to comply with the pre-emption requirements of the UK statutory regime.

If this resolution is passed, this authority will expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier.

For the purposes of this resolution, Regulatory Capital Convertible Instruments has the same meaning as in the explanatory notes to Resolution 18.

Resolutions 22 and 23. Authority to purchase ordinary shares and preference shares

Resolutions 22 and 23 renew the authority of the Company to purchase its own ordinary shares and certain of its preference shares (as specified in the resolution wording) in the market. The authority for the Company to purchase its ordinary shares in the market under Resolution 22 is limited to 6,577,877,127 ordinary shares, equivalent to 10 per cent. of the issued ordinary share capital of the Company as at the close of business on 20 March 2024, being the latest practicable date before the publication of this notice of AGM.

Any ordinary shares purchased in this way may be cancelled or held in treasury for eventual sale for cash, transfer in connection with an employees’ share plan or cancellation. The resolution explicitly authorises the Company to use any shares purchased and held in treasury for the purposes of its employees’ share plans.

If any shares were used in this way, the Company would take them into account when calculating the share issuing limits in the share plans, to the extent required under the Principles of Remuneration issued by The Investment Association in November 2022.

There is no limit on the number or value of preference shares that can be purchased. Having authority to buy back any or all of the issued preferences shares would provide the Company with flexibility in maintaining a prudent approach to the management of the Group’s capital position taking into account other opportunities including, but not limited to, the ability to replace the preference shares with other forms of securities. The directors intend to keep under review the potential to buy back any or all of the issued preference shares.

As at the close of business on 20 March 2024, there were outstanding options and awards over 1,073,836,294 ordinary shares, which represented 18.8 per cent. of the Company’s issued ordinary share capital as at that date. If the Company were to purchase and cancel ordinary shares up to the maximum amount permitted by this resolution, then these options and awards would represent 1.87 per cent. of the Company’s issued ordinary share capital as at that date as the Company would have fewer ordinary shares in issue.

If the Company were to purchase and cancel ordinary shares up to the maximum amount permitted under the remaining existing authority granted at the last AGM and under Resolution 22, then these options and awards would represent 2.10 per cent. of the Company’s issued ordinary share capital as at that date as the Company would have fewer ordinary shares in issue.

The directors would exercise such authority to buy back shares only if they believe that to do so would be in the best interests of shareholders taken as a whole and in the case of a buyback of ordinary shares would result in an increase in earnings per ordinary share.

If the resolutions are passed, the authority will expire at the conclusion of the next annual general meeting of the Company or at the close of business on 30 June 2025, whichever is the earlier.

To the extent that any such shares were held in treasury, earnings per share would only be increased on a temporary basis, until the shares were sold or transferred out of treasury. Also, if the directors were to decide to use the authority, they would, at that time, determine whether it would be in the best interests of shareholders as a whole for the shares purchased to be cancelled or held in treasury.

During 2023, the Company bought back 4,386,262,707 ordinary shares for an aggregate consideration of £2.0 billion. All ordinary shares purchased have been cancelled.

On 22 February 2024, the Company announced that it had commenced the Buyback Programme to repurchase up to £2 billion of its own ordinary shares which is expected to be completed by 31 December 2024 by way of on-market purchases. Share purchases by the Company pursuant to the Buyback Programme, which is subject to the continuing approval of the Prudential Regulation Authority, will be carried out using the authority to purchase its own shares approved by shareholders at the last AGM as opposed to the authority being sought in Resolution 22. The Company intends to cancel the shares it repurchases.

Resolution 24. Notice period for general meetings

Under the Companies Act 2006, the minimum notice period required for all general meetings of the Company is 21 clear days unless shareholders approve a shorter notice period of not less than 14 clear days for general meetings other than annual general meetings and the Company offers a facility for shareholders to vote by electronic means. The voting requirement is met if the Company offers a facility, accessible to all shareholders, to appoint a proxy by means of a website.

Accordingly, this resolution seeks to obtain shareholder approval for a minimum notice period for general meetings (other than annual general meetings) of 14 clear days as required by the Companies Act 2006.

It is the Company’s intention only to use this authority in circumstances when it would be disadvantageous to the Company to delay shareholder approval for an urgent matter concerning, for instance, the issue or alteration of share capital. It is not intended to use this authority for routine Company business. The Company would aspire to provide shareholders with as much notice as possible and will, should it be necessary to use this authority, provide shareholders with a clear explanation as to why a shorter notice period is necessary.

This Resolution 24 shall be valid until the conclusion of the next annual general meeting of the Company (unless the authority granted by the resolution is renewed at a general meeting of the Company before then) and it is the Company’s intention to renew the authority at each annual general meeting. Annual general meetings will continue to be held on at least 21 clear days’ notice.

Questions at the AGM
Shareholders, their appointed proxies and authorised corporate representatives have the right to ask questions at the AGM relating to the business of the meeting. The Company must cause to be answered any such question relating to the business being dealt with at the meeting but no such answer need be given if:
(a) to do so would interfere unduly with the preparation for the meeting or involve the disclosure of confidential information;
(b) the answer has already been given on a website in the form of an answer to a question; or
(c) it is undesirable in the interests of the Company or good order of the meeting that the question be answered.

If you intend to come to the AGM and would like to ask a question about the business of the meeting, you may register it in advance by sending it by email to shareholderquestions@lloydsbanking.com with the subject line ‘AGM 2024’. This should not be used to raise personal matters or customer issues.

If your question is not a matter for the AGM it may be referred to an appropriate team to respond. If you choose not to attend the meeting your question will not be raised at the AGM on your behalf. Shareholders are asked to be concise to ensure others who wish to ask a question are able to do so.

You may not use any electronic address provided either in this notice of AGM or any related documents to communicate with the Company for any purpose other than those expressly stated. Any electronic communication sent by a shareholder to the Company or Equiniti that is found to contain a computer virus or other form of malware will not be accepted.

Electronic communication facilities are available to all shareholders. However, shareholders who decide to use them will not be able to ask questions in that form.

Right to include a resolution at the AGM
Under Sections 338 and 338A of the Companies Act 2006, members who satisfy the threshold requirements in those sections have the right to require the Company:
(a) to give, to members of the Company entitled to receive notice of the meeting, notice of a resolution which may properly be moved and is intended to be moved at the meeting; and/or
(b) to include in the business to be dealt with at the meeting any matter (other than a proposed resolution) which may be properly included in the business at the meeting.

A resolution may properly be moved or a matter may properly be included in the business at the meeting unless:
(a) (in the case of a resolution only) it would, if passed, be ineffective (whether by reason of inconsistency with any enactment or the Company’s constitution or otherwise);
(b) it is defamatory of any person; or
(c) it is frivolous or vexatious.

Such a request may be in hard copy form or in electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be authorised by the person or persons making it, must be received by the Company not later than 3 April 2024, being the date six weeks before the meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.

Right to publish a statement about the auditor
Under Section 527 of the Companies Act 2006, members who satisfy the threshold requirements set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to:
(a) the audit of the Company’s accounts (including the auditor’s report and the conduct of the audit) that are to be laid before the annual general meeting for the financial year ended 31 December 2023; or
(b) any circumstances connected with an auditor of the Company ceasing to hold office since the previous meeting at which an Annual Report and Accounts were laid.

The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with Sections 527 or 528 (requirements as to website availability) of the Companies Act 2006.

Where the Company is required to place a statement on a website under Section 527 of the Companies Act 2006, it must forward the statement to the Company’s auditor no later than the time when it makes the statement available on the website. The business which may be dealt with at the AGM for the relevant financial year includes any statement that the Company has been required under Section 527 of the Companies Act 2006 to publish on a website.
