EXCHANGE CONSIDERATION ANNOUNCEMENT

Further to the announcement on 3 November 2009, pursuant to which Lloyds Banking Group plc ("Lloyds Banking Group") invited Holders of certain Existing Securities to Offer to Exchange their Existing Securities for Enhanced Capital Notes, or, in the case of the Non-U.S. Exchange Offer only, an Exchange Consideration Amount, Lloyds Banking Group hereby announces, inter alia, the form in which the Exchange Consideration will be settled and the New Shares Price, as set out in the Exchange Offer Memorandum dated 3 November 2009.

Exchange Consideration

As stated in the announcement on 23 November 2009, Lloyds Banking Group, LBG Capital No.1 and LBG Capital No. 2 accepted Offers to Exchange the Existing Securities specified therein for exchange into the relevant Exchange Consideration Amount. Lloyds Banking Group hereby announces that it will issue 3,140,686,402 New Shares on 18 February 2010 in full satisfaction of the aggregate Exchange Consideration Amount due in respect of all Existing Securities so accepted for exchange.

Applications will be made for the New Shares to be admitted to trading on the London Stock Exchange’s Regulated Market and to the Official List of the UK Listing Authority. It is expected that admission will become effective and that dealings in the New Shares on the London Stock Exchange will commence at 8.00 a.m. on 18 February 2010.

New Shares Price

The New Shares Price, determined by the Lead Dealer Managers in accordance with the procedures set out in the Exchange Offer Memorandum, is £0.486985, a premium of 1.15 per cent. to the closing price of an Ordinary Share on 11 February 2010.

The New Shares Price was calculated based upon the arithmetic average of the daily per share Volume-Weighted Average Price ("VWAP") of Ordinary Shares on the London Stock Exchange (calculated in sterling) for each of the five consecutive trading days, as set out below:

FX Rates

In addition, the Lead Dealer Managers have determined the FX Rates set out below in accordance with the procedures described in the Exchange Offer Memorandum. Each FX Rate represents the spot rate of exchange of the relevant currency into sterling prevailing at or about noon (London time) on 11 February 2010 as appearing on the Relevant Page, and will be used for the purpose of determining the number of New Shares for each €1,000 or U.S.$1,000, as the case may be, of Existing Securities accepted for exchange into the relevant Exchange Consideration Amount.

Number of New Shares

Holders of each series or class of Existing Securities which have been accepted for exchange into the relevant Exchange Consideration Amount will receive the number of New Shares shown in the table below for each £1,000, €1,000 or U.S.$1,000, as the case may be, of Existing Securities so accepted for exchange. The number of New Shares in each case has been calculated by dividing the appropriate Exchange Consideration Amount for each series or class of Existing Securities by the product of the New Shares Price and the relevant FX Rate (if applicable).

* Holders whose Offers to Exchange have been accepted should note that, in accordance with the provisions set out in the Non-U.S. Exchange Offer Memorandum, the number of New Shares which they will receive on the Late Settlement Date will be calculated based upon the total nominal amount or liquidation preference (as the case may be) of the Existing Securities which they have Offered for Exchange for the relevant Exchange Consideration Amount, rounded down to the nearest whole number of New Shares. The numbers of New Shares per £1,000, €1,000 or U.S.$1,000 indicated above are for illustrative purposes only; Offers to Exchange which were made and accepted in larger or smaller amounts may result in a different number of New Shares being issued.

* Capitalised terms used, but not otherwise defined in this announcement, shall have the meanings given to them in the Exchange Offer Memorandum dated 3 November 2009 relating to the Non-U.S. Exchange Offer.
